A backup schedule, retention schedule and testing schedule are available and summarised as

- [redacted]
- [redacted]
- [redacted]

3.7 Backup Testing and Verification

Backups of systems are tested at least annually to ensure they can be relied upon in an emergency and meet the needs of the business continuity plans and business requirements.

Backup logs are produced and checked for errors and performance [redacted]

Backup testing log reviews are recorded.

4 Policy Compliance

4.1 Compliance Measurement

The information security management team will verify compliance to this policy through various methods, including but not limited to, business tool reports, internal and external audits, and feedback to the policy owner.

4.2 Exceptions

Any exception to the policy must be approved and recorded by the Information Security Manager in advance and reported to the Management Review Team.

4.3 Non-Compliance

An employee found to have violated this policy may be subject to disciplinary action, up to and including termination of employment.

4.4 Continual Improvement

The policy is updated and reviewed as part of the continual improvement process.
